

## Song For a Winter's Night [G]

Gordon Lightfoot

The lamp is bur-ning low up on my ta-ble top The snow is soft-ly fal-ling. \_

The air is still with-in the si-lence of my room, I hear your voice soft-ly

call-ing. If I could on-ly have you near To breathe a sigh or two \_\_\_\_

I would be hap-py just to hold the hands I love Up on this win-ter's night with you.
